In order for a candidate to be eligible for these reduced fees, the candidate's school must confirm that certain requirements are met using the form below. Please complete and sign this form, and return it to the student/professor for submission.

NOTE TO CANDIDATE (FULL-TIME STUDENT/PROFESSOR)

In order to receive reduced fees for the CIA program, you must complete the following steps (steps 1, 2, 6, and 8 not applicable if you are already a candidate in the CIA program):

1. Follow directions in the Candidate Handbook to log in to The IIA's Certification Candidate Management System (CCMS), set up a profile, and receive a candidate ID number.
2. Have an official from your university complete and sign this form and return it to you. You must include your candidate ID number on the form.
3. Professors: You must also submit a letter from your local IIA chapter or Institute supporting your request for professor status for pricing. You must include your candidate ID number on the letter and submit it along with this form.
4. Submit the completed form (and letter, for professors) through the document upload portal. To verify approval, log in to CCMS and click on Supporting Requirements — approved student/professor forms will have an Effective Date and an Expiration Date.
5. Once this form is approved, complete the "CIA Application – Student/Professor" in CCMS and pay the reduced student/professor application fee. If you do not have Internet access, you can use the paper application form, but your processing times will be significantly longer. Your application will be held as pending until your Full-Time Student/Professor Status Form is received and approved.
6. The University Student/Professor Discounts Registration Form and associated fees are valid for 180 days from the date that the form is processed/approved at The IIA. You will automatically receive the reduced pricing for registrations completed within the 180-day period. A new form is required after 180 days if you are still eligible for discounted pricing.
